

The Color Card

MOMENTUM
TEXTILES & WALLCOVERING

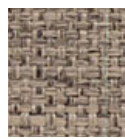

The workplace of today and tomorrow needs to stay relevant and meet the needs of a hybrid workforce. Adaptable products for an easy shifting from private to semiprivate to public are more important than ever. Casual solutions for spontaneous gatherings are important but must also be complimented by private workspaces. With this hybrid model in mind, Momentum Textiles and Wallcovering offers four new upholsteries perfect for the hybrid environment; Deka, Feltro, Guru & Mello. These textiles will help foster cozy and informal gathering spaces for collaboration or can be used vertically to build focused work zones such as partitions or pods. Paired with top selling patterns, Infinity, Marathon, Millennium, Odyssey and Tradition, the Color Card showcases a full range of color and texture perfect for any environment.
